BLUE CROSS BLUE SHIELD OF HAWAII

**BRONZE PPO I**

**SUMMARY OF CHANGES EFFECTIVE JANUARY 1, 2026**

HMSA periodically reviews your health plans to ensure that they are in compliance with state and federal laws and are structured to best manage health care costs.

This notice contains a summary of the changes that will be made to your plan. Please use this document for general information only. It should not be used as the certificate for the plan. The 2026 *Guide to Benefits* or plan certificate will contain complete information on these changes as well as other benefits and applicable exclusions and limitations of your plan. In the case of a discrepancy between this summary and the language contained in the 2026 *Guide to Benefits* or plan certificate, the 2026 *Guide to Benefits* or plan certificate takes precedence.

**BENEFIT CHANGES – MEDICAL**

- **Annual Copayment Maximum.** The annual copayment maximum will change from \$9,200 per person/\$18,400 (maximum) per family to \$10,000 per person/\$20,000 (maximum) per family.
- **Intensive Cardiac Rehabilitation.** A new Intensive Cardiac Rehabilitation benefit will replace the Dr. Ornish Program benefit. The new benefit gives providers and members more flexibility to choose the cardiac rehabilitation program that best meets their needs and improve health outcomes. Services will be covered at the same benefit level as Physical and Occupational Therapy – Outpatient.
- **Medical Drugs.** A new Medical Drugs benefit will replace Injections – Other than Self-Administered. The new benefit includes expanded coverage for non-injectable drugs that are either administered by a provider or self-administered under the supervision of a provider.
- **Orthodontic Services to Treat Orofacial Anomalies.** Orthodontic services to treat orofacial anomalies are subject to a benefit maximum. In accord with Hawaii law, the Hawaii insurance commissioner will adjust and publish the benefit maximum amount annually. The maximum benefit amount can be found at [hmsa.com/orofacial-anomalies](https://hmsa.com/orofacial-anomalies).
- **Physical and Occupational Therapy and Speech Therapy.** Therapy services related to developmental delay may be covered in accord with HMSA's medical policies.

**BENEFIT CHANGES – PRESCRIPTION DRUGS**

- **Diabetic Supplies.** Diabetic supplies will be covered at the same benefit levels as other covered drugs and supplies, copayments may vary. Refer to the plan's Drug Formulary for a list of covered drugs and supplies and their benefit categories.
- **Diaphragms and Cervical Caps.** Diaphragms and cervical caps will be covered at the same benefit levels as other contraceptives, copayments may vary. Refer to the plan's Drug Formulary for a list of covered drugs and supplies and their benefit categories.
- **Immunizations.** Immunizations recommended by the Centers for Disease Control's Advisory Committee on Immunization Practices (ACIP) will be covered at 100% of eligible charges.
- **Other Supplies.** A new benefit for Other Supplies will be added to cover supplies listed in the plan's Drug Formulary, such as diabetic equipment. The member's copayment for Other Supplies will be the same as the Cost-Sharing Tier 3 copayments.

**LANGUAGE CHANGE**

- **Referrals to a Specialist on Another Island.** An HMSA participating provider may refer a member to a participating specialist or facility on another island if appropriate care is not available on the member's home island. HMSA's Care Access Assistance program (CAAP) provides reimbursement for airfare when the program guidelines are met. For more information about CAAP, visit our CAAP page at <https://www.hmsa.com/help-center/hmsa-care-access-assistance-program/>.
