Care you can count on

The health and well-being of Hawaii's business community is our top priority. We're working to make sure that you and your employees have access to care you need.

Choices

- Your employees have access to HMSA's large network of 10,500 doctors in Hawaii.
- If your employees need to travel, they have access to more than 2.2 million providers worldwide through the Blue Cross Blue Shield network of providers. They're also protected in 200 countries and territories.

Specialty care

- When your employees need specialty care, they can choose from Hawaii's top-ranked hospitals, including specialized medical centers for women's health and maternity care, cancer care, surgery, trauma, burn treatment, and more.

Convenient care options

- Annual primary care provider visits and preventive screenings play an important role in your employees overall health and well-being. Many preventive care services are available at no cost to HMSA members.

- With HMSA's Online Care[®], your employees can talk to a doctor online 24/7 from the comfort and privacy of their home or office. It's secure, convenient, and available at little or no cost to HMSA members.
- Your employees should refer to their plan benefits and check with their doctor about what telehealth options are available to them.
- They can also go to participating urgent care clinics and MinuteClinic[®] in selected Longs Drugs stores on Oahu.

Health and well-being

- HMSA offers a variety of well-being programs and virtual workshops from nutrition and physical activity to preventive care and mental health resources. These services provide your employees with tools to improve and maintain their health and well-being in ways that suit them best.
- Your employees can save money with health and fitness discounts from HMSA365. They can also save from 10% to 50% on services and products through the ChooseHealthy[®] program.
- For more information, visit hmsa.com/well-being.

Amwell is an independent company providing hosting and software services for HMSA's Online Care platform on behalf of HMSA.

The ChooseHealthy program is provided by American Specialty Health Group Inc. and ASH Technologies Inc. (dba ASH Technologies of Delaware Inc. in the state of Pennsylvania); all are subsidiaries of American Specialty Health Incorporated (ASH). The ChooseHealthy program is an independent specialty health organization that provides discounts on health, fitness, and wellness products to HMSA members.

Easy access to plan information

- Your employees can log in to My Account on hmsa.com to learn more about their plan benefits, see the services they've received, connect to Online Care, and request an HMSA membership card.
- Find information and resources related to the latest health news alerts and updates.

Additional benefits

You can buy additional riders and products to supplement your group plan benefits.

- **Dental.** Services include our Oral Health for Total HealthSM program for members with an eligible medical condition. Visit hmsadental.com to learn more.
- **Prescription drugs.** Your employees will have convenient access to medications at participating pharmacies or through mail order.
