Chapter 1: Critical Concepts

This chapter explains important concepts that affect your coverage. In many instances, you will be referred to other chapters for additional details about a concept.

Using Your Dental Guide to Benefits

This **Guide** explains your dental coverage in nine chapters. Each chapter explains a different aspect of your coverage.

Review Entire Document

While you might refer to some chapters more often than others, keep in mind that all chapters are important. You should familiarize yourself with the entire guide. For a quick view of all chapter topics, see *Table of Contents* at the beginning of the guide.

Terminology

The terms **You** and **Your** mean you and your family members eligible for this coverage. **We**, **Us**, and **Our** refer to HMSA.

The term **Provider** means an approved **Dentist** or other practitioner who provides you with dental care services. Your provider may also be the place where you get your services, such as routine dental care services or specialized dental services.

Definitions

Throughout this guide, terms appear in ***Bold Italics*** the first time they are defined. After that, terms will be in lower case. Terms are also defined in *Chapter 9: Defined Terms*.

How to Contact Us

If you have any questions about your coverage, you can refer to this Guide or call us at (808) 948-6440 or 1(800) 792-4672 toll-free. If your question is regarding a dispute, see *Chapter 6: Resolving Disputes*.

How You Can Help Control Your Dental Costs

- Carefully read your guide so that you understand your dental **Plan** and how to maximize your coverage.
- Take care of your teeth daily (brush at least twice and floss at least once).
- Schedule and receive regular teeth cleaning and exams as often as your dentist recommend. For details on how often these services are covered under this plan, see *Chapter 3: Services & Copayments*.
- Don't let a minor dental problem become a major one.
- Be an active participant in your treatment so you can make informed decisions about your dental care. Talk with your dentist and ask questions. Understand the treatment program and any risks, benefits, alternatives, and costs associated with it.
- Take time to read and understand your ***Explanation of Benefits (EOB)***. This report shows how we determined payment. Make sure you are billed only for those services you received. For details regarding the EOB, see Explanation of Benefits (EOB) under *Chapter 5: Filing Claims*.

Covered Service Criteria

To determine whether or not a specific service is covered under your plan and eligible for payment by us, all of the following criteria must be met:

- The service is listed as covered in *Chapter 3: Services & Copayments*. Please note even if a service is covered, you may be responsible for a portion of costs. For more information, see *Chapter 2: Amounts You May Owe*.
- The service is not specifically excluded. Even if a service is not specifically listed in *Chapter 3: Services & Copayments* as an exclusion, it is not considered covered unless the care meets all of the criteria listed in this section.
- The service meets **Payment Determination Criteria** (see *Chapter 9: Defined Terms*). You may ask your provider to contact us to determine if the care you seek meets payment determination criteria. We should be contacted before you receive the care in question.
- The service is consistent with our dental policies. Call us if you have questions.
- The service is ordered by and received from an HMSA Dental Network Provider, or services are for an emergency.
- Another party does not have an obligation to pay. If another party is responsible, payment under this coverage may be affected. See *Chapter 7: Other Party Responsibility*.
- The service is not subject to a **Waiting Period**.
- The service has not exceeded a stated service limitation. See *Chapter 3: Services & Copayments*.
- Authorization is obtained for any services requiring prior authorization. See *Services That Require Prior Authorization* later in this chapter.

24/7 Emergency Dental Care

Your HMSA Dental plan includes access to virtual dental visits delivered by TeleDentistry.com.

If you have a serious and/or painful dental issue and you cannot get in touch with your dentist after hours, you have 24/7 access to a dentist by phone or video call. This valuable benefit can save you both time and money.

- The service is available to you on island or on the mainland, you'll be connected to a dentist who'll help resolve the problem and write prescriptions if necessary. The Teledentistry.com dentist can refer you to an in-network HMSA dentist or your regular dentist for further care as needed.
- Visit hmsadental.com/teledentistry or call (866) 256-1871.

Choosing a Dentist

Under this plan, you can seek care from almost any dentist. To keep your costs as low as possible, you should go to a participating dentist whenever possible. For a listing of participating dentists, refer to the HMSA's Directory of Participating Dentists. Please note: the directory is subject to change and may not reflect the most current information about a dentist. To confirm a dentist's status for the PPO network in Hawaii or on the mainland U.S, you can ask your dentist, call us, or visit our online provider directory at hmsadental.com/find-a-dentist.

Services That Require Prior Authorization

Prior Authorization is a written request by a provider for verification of benefits prior to rendering services. This request helps us determine how we will process a claim based on your benefits.

If you are under the care of an HMSA participating dental provider or contracting provider, he or she will get approval for you.

Prior authorization is required for the following services and devices. Failure to get our approval will result in a denial of benefits if the services or devices do not meet HMSA's payment determination criteria. **Your provider is not responsible for treatment costs or penalties for failure to obtain approval.**

You are responsible for 100% of charges for the services listed below if prior authorization is not obtained before services are rendered:

- Crowns
- Periodontal Scaling
- Denture Reline and Rebase
- Maxillofacial Prosthetics
- Medically Necessary Orthodontia

How to Request Prior Authorization

Ask for prior authorization by writing us at:

HMSA Dental Services
P.O. Box 69436
Harrisburg, PA 17106-9436
Fax: (888) 255-0876

If you have questions, please call us at:
(808) 948-6440 or 1(800) 792-4672 toll-free

Changes to this Guide's List of Prior Authorization Services

From time to time, we need to update the list of services and supplies that require prior authorization. Changes are needed so that your plan benefits remain current with the way therapies are delivered. Changes may occur at any time during your plan year. If you would like to know if a treatment, procedure, or device has been added or deleted from the list in this guide, call us at the telephone number(s) listed above.

Our Response to Your Request for Prior Authorization for Non-Urgent Dental Care

If your request for prior authorization is not urgent, HMSA will respond to your request within a reasonable time that is appropriate to the medical circumstances of your case. We will respond within 15 business days after we receive your request. We may extend the response time once for an additional 15 business days if we cannot respond to your request within the first 15 business days and if it is due to circumstances beyond our control. If this happens, we will let you know before the end of the first 15 business days. We will tell you why we are extending the time and the date we expect to have our decision. If we need added details from you, we will let you know and give you at least 45 business days to provide the information.

Our Response to Your Request for Prior Authorization for Urgent Dental Care

Your care is urgent if the time periods that apply to prior authorization for non-urgent care are the following:

- Could seriously risk your life or health or your ability to regain maximum function, or
- In the opinion of your treating physician or dentist, would subject you to severe pain that cannot be adequately managed without the care that is the subject of the request for prior authorization.

HMSA will respond to your request for prior authorization of urgent care as soon as possible given the medical circumstances of your case. It will be no later than 24 hours after all information sufficient to make a determination is provided to us.

If you do not provide enough details for us to determine if or to what extent the care you request is covered, we will notify you within 24 hours after we receive your request. We will let you know what information we need to respond to your request and give you a reasonable time to respond. You will have at least 48 hours to provide the information.

Appeal of Our Prior Authorization Decision

If you do not agree with our prior authorization decision, you may appeal it. See *Chapter 6: Resolving Disputes*.

Is the Care Consistent with HMSA's Dental Policies?

To be covered, the care you get must be consistent with the provider's scope of practice, state licensure requirements, and HMSA's dental policies. These are policies drafted by HMSA Dental Directors, many of whom are practicing dentists, with community dental and nationally recognized authorities.

Each policy provides detailed coverage criteria for when a specific dental service meets payment determination criteria. If you have questions about the policies or would like a copy of a policy related to your care, please call us at one of the telephone numbers on the back cover of this guide.

Agreement

The Agreement between HMSA and you is made up of all of the following:

- This Guide to Benefits.
- Any riders and/or amendments.
- The enrollment form submitted to us.

Our Rights to Interpret this Document

We will interpret the provisions of the Agreement and will determine all questions that arise under it. We have the administrative discretion:

- To determine if you meet our written eligibility requirements.
- To determine the amount and type of benefit payable to you or your dependents according to the terms of this agreement.
- To interpret the provisions of this Agreement as is needed to determine benefits, including but not limited to decisions on medical necessity and applicable changes in HMSA's dental policies.
- To make changes as required by Federal law and/or Hawaii State Law.

Our determinations and interpretations, and our decisions on these matters are subject to de novo review as provided in this Guide to Benefits or as allowed by law. If you do not agree with our interpretation or determination, you may appeal. See 6: Resolving Disputes.

No oral statement of any person shall modify or otherwise affect the benefits, limits, and exclusions of this Guide to Benefits, convey or void any coverage, or increase or reduce any benefits under this Agreement.

Chapter 2: Amounts You May Owe

In general, your payment obligation for a service that is covered is a fraction of total costs. This chapter explains the various charges for which you may be responsible.

Copayment

A **Copayment** is an amount you owe for most covered services. Copayment amounts appear in *Chapter 3: Services & Copayments*.

Please Note: *Benefits under this plan are generally not payable for members ages 19 & older. If you are covered by this plan when you turn 19, benefits will continue to be payable for the remainder of that calendar year. In order to receive dental plan benefits after the end of the calendar year of your 19th birthday you will need to change to a non-pediatric dental plan.*

Amounts Exceeding Eligible Charge

In certain circumstances, you may owe the difference between the amount billed by your dentist and the **Eligible Charge**. This applies if you choose a *High-Cost Procedure. With *High-Cost Procedures, two treatment options exist, however, one is more cost effective than the other. You have a choice whether to receive the *High-Cost Procedure or the more cost effective one. If you choose the *High-Cost Procedure, you are responsible for both of the following amounts:

- The copayment of the most cost-effective procedure; and
- Any difference between the amount the dentist bills for the *High-Cost Procedure and the eligible charge for the more cost-effective procedure.
- Resin-based composite filling for posterior teeth is considered a *High-Cost Procedure.
- Porcelain crowns on molar teeth are considered a *High-Cost Procedure

Amounts Exceeding Calendar Year Maximum

The **Calendar Year Maximum** is the maximum dollar amount we will pay toward covered services during a calendar year. There is no calendar year maximum under this plan.

Out of Pocket Maximum

The **Out-of-Pocket Maximum** is the maximum dollar amount you will pay toward covered services during a calendar year. Once the out-of-pocket maximum is met, you are no longer responsible for deductible (if applicable), or copayment amounts unless otherwise noted.

- The out-of-pocket maximum is \$450 per child up to \$900 for two or more children.
- The out-of-pocket maximum under this plan is limited to members under age 19.
- Benefits for members aged 19 and older do not include an out-of-pocket maximum.
- The out-of-pocket maximum applies to covered services provided by an in-network provider only.

The following amounts do not apply toward meeting the out-of-pocket maximum. You are also responsible for these amounts after you have met the copayment maximum:

- Payments for services subject to a service limit maximum. See *Amounts Exceeding a Service Limit* addressed later in this chapter.
- The difference between the actual charge and the eligible charge that you pay when you receive services from a nonparticipating provider.
- Payments for non-covered services.
- Covered services provided by a non-participating provider do not apply to the out-of-pocket maximum.

Amounts Exceeding a Service Limit

A **Service Limit** restricts a covered service in some way, such as dollar amount, how often you can receive a service, an age restriction, or some other limitation. Service Limits appear in *Chapter 3: Services & Copayments*. If you exceed the service limit for a specific procedure (e.g., two cleanings) you are not eligible for additional payment from us for that service even if you have not reached the calendar year maximum.

If you were covered by us under a different dental coverage immediately prior to this dental coverage, any limitations related to procedure frequency as described in *Chapter 3: Services & Copayments* will carry forward under this coverage.

Charges for Services Not Covered

You are responsible for 100% of charges for any service that is not covered by your plan. See *Chapter 3: Services & Copayments*.

Waiting Periods

You are responsible for 100% of charges for any service that is subject to a **Waiting Period** if you have not met the waiting period. Most waiting periods are limited to members aged 19 and older.

Chapter 3: Services & Copayments

This chapter describes services both covered and not covered and Copayment amounts. In addition to the information provided in this chapter, also read Chapter 1: Critical Concepts and Chapter 2: Amounts You May Owe to better understand your coverage. If you are unsure whether or not a service is covered, please call us and we will assist you.

About This Chapter

Your dental coverage provides benefits for procedures, services and supplies that are listed in the following service tables. You will note that some of the benefits have limitations. These limitations describe additional criteria, circumstances or conditions that are necessary for a procedure, service, or supply to be eligible for covered benefits. Limitations may also describe circumstances or conditions when a procedure, service or supply is Not Covered. In order to identify items excluded from coverage, limitations, and benefits should be read in conjunction with the Limitations and Exclusions section discussed later in this chapter.

Some dental services or procedures including their benefit limitations or coverage exclusions may not be listed in the following service tables. If you are unsure if a specific procedure or service is covered or not covered, please call us at (808) 948-6440 or 1(800) 792-4672 toll-free and we will help you.

Pediatric Dental Requirements

This plan includes pediatric dental coverage, an essential health benefit, as required under the federal ***Patient Protection and Affordable Care Act (PPACA)***.

Non-Assignment

Benefits for covered services described in this guide cannot be transferred or assigned to anyone. Any attempt to assign this coverage or rights to payment will be void.

Services Provided by Non-Participating Providers

Benefits for Covered Services described in this guide are reduced when services are provided by providers who are not participating in HMSA's provider network.

Service Tables & Service Categories

Information in this chapter is formatted within tables. Each table represents a Service Category and each Service Category groups related services together. For example, all restorative procedures appear in one table. If an entire Service Category is subject to the same Service Limit, the limit appears immediately following the heading for the section category.

Please note: *Service Tables, Categories, Limitations and Copayments may differ depending on the member's age at the time the services are performed.*

The following categories explain the type of information that appears in each of the three columns of the Service Tables found throughout this chapter.

The **Service Categories** are listed in bold font above the table headings for service lists, descriptions, service limits and co-payment provisions.

- You are not incarcerated.
- You meet one of these requirements:
 - You are a resident of the State of Hawaii;
 - You intend to reside in the State of Hawaii, HMSA reserves the right to request documentation verifying that you have moved to and reside in Hawaii. If HMSA determines, in its sole discretion, that such documentation does not verify that you have fulfilled your intent to reside in Hawaii, HMSA may rescind your coverage.
 - You have entered the State of Hawaii with a job commitment.
 - You are seeking employment in the State of Hawaii
- Your parent or caretaker resides in Hawaii, and you reside with the parent or caretaker. If you meet the above residency standards, you may enroll your **Dependent** who lives outside Hawaii in this plan if you claim that dependent on your tax return.

We reserve the right to request, at any time, documentation that demonstrates in our sole discretion and to our satisfaction that you meet the above criteria. Your refusal to provide such documentation or to provide documentation that in HMSA's sole discretion demonstrates the above criteria have been met shall result in immediate termination of this coverage.

Categories of Coverage

There are different categories of coverage you may hold.

- With single coverage, you are the only one covered.
- With family coverage you and your spouse and/or eligible dependent children have coverage. Each covered family member must be listed on the member's enrollment form or added later as a new dependent.

Please note: If you buy this coverage directly from HMSA, we must approve any dependents added to this plan. Each dependent will have his or her own effective date when he or she first becomes eligible for this plan's coverage.

Qualified Medical Child Support Orders

Qualified Medical Child Support Orders (QMCSOs) are court orders that meet certain federal guidelines and require a person to provide health benefits coverage for a child. To be a Qualified Medical Child Support Order, the order cannot require a health benefit Plan to provide any type or form of payment, or any option, not otherwise provided under the Plan, except to the extent necessary to meet the requirements of Section 1908 of the Social Security Act with respect to a Plan. Claims for a child covered by a Qualified Medical Child Support Order may be made by:

- The child
- The child's custodial parent or parent
- The child's court-appointed guardian

Any amount otherwise payable to the Member with respect to any such claim shall be payable to the child's custodial parent or court-appointed guardian. If you would like more information about how we handle QMCSOs, call HMSA's Customer Service. Our phone number is listed on the back cover of this guide.

Coverage Activation

This coverage takes effect, and you are eligible to receive benefits on your effective date, provided the following requirements have been met:

- Your initial dues were paid;
- We accepted your enrollment form and provided you written notice of your effective date. By submitting the enrollment form, you also accept and agree to the provisions of our constitution and bylaws now in force and as amended in the future; and
- Your eligibility for coverage under this guide subject to all applicable waiting periods.

What You Should Know about Enrolling Your Child(ren)

In general, you may enroll a child if the Child meets all of these requirements:

- The child is under 19 years of age; and;
- The child is your son, daughter, stepson or stepdaughter, your legally adopted child or a child placed with you for adoption, a child for whom you are the court-appointed guardian, or an eligible foster child (defined as an individual who is placed with you by an authorized placement agency or by judgment, decree, or other court order).

In addition, you may enroll children who meet all of the criteria in one of these categories:

- Children with special needs.
- Children who are newborns or adopted.

Children Who are Newborns or Adopted

You may enroll a newborn or adopted child, effective as of the date listed below, if you comply with requirements described below and enroll the child in accord with our usual enrollment process:

- The birth date of a newborn provided you comply with our usual enrollment process within 60 days of the child's birth.
- The date of adoption, provided you comply with our usual enrollment process within 31 days of the date of adoption.
- The birth date of a newborn adopted child provided we receive notice of your intent to adopt the newborn within 60 days of the child's birth date.
- The date the child is placed with you for adoption, provided we receive notice of placement when you assume a legal obligation for total or partial support of the child with anticipation of adoption.

Children with Special Needs

You may enroll your child, if he or she is disabled by providing us with written documentation acceptable to us demonstrating that:

- Your child is incapable of self-sustaining support because of a physical or mental disability.
- Your child's disability existed before the child turned 19 years of age.
- Your child relies primarily on you for support and maintenance as a result of his or her disability.
- Your child is enrolled with us under this coverage or another HMSA coverage and has had continuous healthcare coverage with us since before the child's 19th birthday.
- You must provide this documentation to us within 60 days of the child's 19th birthday and subsequently at our request but not more frequently than annually.

Coverage Termination

If you purchased this coverage from [Healthcare.gov](https://www.healthcare.gov), you may end your coverage at any time by notifying [Healthcare.gov](https://www.healthcare.gov). If you purchased this coverage directly from HMSA, you may terminate your coverage at any time by writing us a letter. Member requests for retroactive termination shall not be granted.

We may end your coverage if you purchased this coverage directly from us, at any time if you do not meet the criteria described in *When You are Eligible for Coverage* above or fail to respond within 30 days to our request that you provide documentation sufficient to demonstrate that you meet the criteria or fail to make payments to us when due.

If your coverage ends, you are not eligible to receive benefits under this coverage after the termination date.

End of Month Termination

Your coverage will end at the end of the month in which any of the following takes place:

- You choose to end this coverage. In this case, you must provide us written notice of your intent to terminate 30 days before the termination date.
- You fail to make payments to us when due.

Unless prohibited by state or federal law, coverage will terminate at the end of the month in which any of the following takes place:

- We end our **Agreement** with you by providing you written notice 30 days prior to termination.
- For the member, upon termination of this agreement. If the member's coverage ends, coverage for all other enrolled family members will also end.
- For the member's spouse, upon the dissolution of marriage to the Member. You must inform us, in writing, of the dissolution of the marriage.
- For the member's child, when the child fails to meet the criteria outlined earlier in this chapter under who's eligible. You must inform us, in writing, if a child no longer meets the eligibility requirements. You must notify us on or before the first day of the month following the month the child no longer meets the requirements. For example, if your child turns 19 on June 1; you would need to notify us by July 1. If you fail to inform us that your child is no longer eligible, and we make payments for services on his or her behalf, you must reimburse us for the amount we paid.

Immediate Termination

The following events cause coverage to terminate immediately for the member and any enrolled spouse and children:

- Fraudulent use of coverage or misrepresentation or concealment of material facts on your enrollment form.

If your coverage is terminated for fraud, intentional misrepresentation, or the concealment of material facts:

- We will not pay for any services or supplies provided after the date the coverage ends.
- You agree to reimburse us for any payments we made under this coverage.
- We will retain our full legal rights including but not limited to the right to initiate a civil action based on fraud, concealment, or misrepresentation.
- Engagement in repeated disruptive or threatening behavior or the infliction of bodily harm to others in the provider's office.

Chapter 5: Filing Claims

This chapter explains what to do when Your Dentist does not submit a written request for payment (claim). In the rare event you are required to file your own claim, follow the directions outlined in this chapter. Because all participating and even most non-participating Dentists in the state of Hawaii file claims for you, there are limited circumstances when you will be required to file a claim. If you have any questions after reading this chapter, please contact your personnel department, or call us at (808) 948-6440 or 1(800) 792-4672 toll-free.

Claim Submission

Notice of Claim

1. Complete a separate claim for each covered family member and each provider. Claims received by us more than one year after the last day on which you received services are not eligible for payment.
2. Enclose a signed letter with your claim that includes all of the following information:
 - A phone number where you can be reached during the day.
 - The subscriber number that appears on your member card (the card issued to you by us that you present to your Dentist at the time you receive services).
 - Information about other coverage you may have (if applicable). For information about other coverage, see *Chapter 7: Other Party Responsibility*.
3. Enclose an itemized statement from your Dentist (often called a provider statement). It is helpful to us if the provider statement is in English or accompanied by an English translation on the service provider's stationery. The provider statement must include all of the following information:
 - Provider's full name and address.
 - Patient's name.
 - Date(s) you received service(s).
 - Date of the Injury or beginning of illness or injury.
 - The charge for each service in U.S. currency.
 - Description of each service.

 - Where you received the service (office, outpatient, hospital, etc.).
 - A claim without a provider statement cannot be paid. Statements you prepare, cash register receipts, receipt of payment notices or balance due notices cannot be accepted.
4. Send your claim to the following address(es):

HMSA Dental
P.O. Box 69436
Harrisburg, PA 17106-9436

To submit an Out-of-state or Out-of-country claim*

Honolulu, HI 96807-1320

*Out-of-state providers may submit the claim on your behalf, please check with your provider. Please submit the claim to the address above if filing your own claim.

Explanation of Benefits (EOB)

An Explanation of Benefits (EOB) is a statement that explains how we processed a claim based on the services performed, the actual charge, and any adjustments to the actual charge, our eligible charge, the amount we paid, and the amount you may owe.

Timeframe for Claim Determination

If we receive all the necessary information and can make a claim determination, we will send you an EOB within 30 days of the date we receive your claim. However, if we require additional information to make a decision about your claim or are unable to make a decision due to circumstances beyond our control, we will extend the time for an additional 15 days. We will notify you within the initial 30-day period why we are extending the time and when you can expect our decision. If we require additional information, you will have at least 45 days to provide us the information.

Payment

If applicable, a check will be enclosed with your EOB. Checks must be cashed or deposited before the check's expiration date. A service charge will apply for requests to reissue expired checks. A schedule of the current service charges is available from us upon request.

The following rules apply for any payment by us for services rendered by a nonparticipating dentist:

- Checks are not assignable.
- In our sole discretion, we will make a check payable directly to the dentist, member, member's spouse, or child, or in the case of the member's death, to his or her executor, administrator, provider, spouse, or relative.
- In no event will our payment exceed the amount we would pay to a comparable participating dentist for like services rendered.

Denials

If any of the services included on your claims are denied, the EOB will provide an explanation for the denial. If, for any reason, you believe we wrongly denied a claim or coverage request, please call us for assistance. If you are not satisfied with the information you receive, and you wish to pursue a claim for coverage, you may request an appeal. See *Chapter 6: Resolving Disputes*.

Chapter 6: Resolving Disputes

This chapter describes how to dispute a determination made by us related to coverage, reimbursement, some other decision or action by us, or any other matter related to the Agreement. To be considered, the appeal must be in accordance with the rules outlined in this chapter. Call us if you have any questions regarding appeals.

Expedited Appeals Requirements

To request an expedited appeal please call us at the phone numbers provided above. We will respond to an expedited appeal as soon as possible taking into account your dental condition but not later than 72 hours after all information sufficient to make a determination is provided to us.

Expedited appeals are appropriate when a non-expedited appeal would result in any of the following:

- Seriously jeopardizing your life or health.
- Seriously jeopardizing your ability to gain maximum functioning.
- Subjecting you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the appeal.
- You may request expedited external review of our initial decision if you have requested an expedited internal appeal, and the adverse benefit determination involves a medical condition for which the completion of an expedited internal appeal would meet the requirements above. The process for requesting an expedited external review is discussed below.

Non-Expedited Appeals Requirements

You must send a written request for appeal by facsimile or by mail to the address listed at the beginning of this chapter. Requests which do not comply with the requirements of this chapter will not be recognized or treated as an appeal.

Send the request within one (1) year from the date of the action, matter, or decision you are contesting. In the case of coverage or reimbursement disputes, this is one (1) year from the date we first informed you of the denial or limitation of your claim, or of the denial of coverage for any requested service or supply. Send complete claim or coverage information regarding your appeal.

We will respond to an appeal for pre-service requests within 30 days of our receipt of complete appeal information. We will respond to an appeal for post-service requests within 60 calendar days of our receipt of complete appeal information.

Persons Authorized to Appeal

Either you or your Authorized Representative may request an appeal. Authorized Representatives may be one of the following:

- Any person you authorize to act on your behalf provided you follow our procedures which include filing an authorization form with us. Call us to obtain a form to authorize a person to act on your behalf.
- A court appointed guardian or an agent under a health care proxy.
- A person authorized by law to provide substituted consent for you or to make health care decisions on your behalf.
- A family member or your treating health care professional if you are unable to provide consent.

Request for appeal from an authorized representative who is a dentist must be in writing unless requesting an expedited appeal.

What Your Request Must Include

To be recognized as an appeal, your request must include all of this information:

- The date of your request.
- Your name and telephone number (so we may contact you).
- The date of the service we denied or date of the contested action or decision. For prior authorization or a service or supply, it is the date of our denial of coverage for the service or supply.
- The subscriber's number from your member card.
- The provider name.
- A description of the facts related to your request and why you believe our action or decision was in error.
- Any other details about your appeal. This may include written comments, documents, and records you would like us to review.

You should keep a copy of your request and supporting documents for your records. They will not be returned.

Information Available from Us

If your appeal relates to a claim for benefits or a request for prior authorization, we will provide upon your request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim as defined by the Employee Retirement Income Security Act.

- If our appeal decision denies your request or any part of it, we will provide an explanation, including the specific reason for denial, references to the dental plan terms on which our decision is based, a statement of your external review rights, and other information regarding our denial.

Options When You Disagree

You must exhaust all internal appeals options available to you before requesting review by an Independent Review Organization selected by the Insurance Commissioner, requesting arbitration, or filing a lawsuit.

If you wish to contest our appeal decision, you must do one of the following:

- Request review by an Independent Review Organization selected by the Insurance Commissioner if you are appealing an issue of medical necessity, appropriateness, health care setting, level of care, or effectiveness or a determination by HMSA that the service or treatment is experimental or investigational;
- For all other issues:
 - Request arbitration before a mutually selected arbitrator.

Review by Independent Review Organization (IRO)

If you choose review by an Independent Review Organization, you must submit your request to the Insurance Commissioner within 130 days of HMSA's decision to deny or limit the service or supply.

Unless you qualify for expedited external review of Our appeal decision you must exhaust HMSA's internal appeals process before requesting external review or show that HMSA violated federal rules related to claims and appeals unless the violation was 1) de Minimis; 2) non-prejudicial; 3) attributable to good cause or matters beyond HMSA's control; 4) in the context of an ongoing good-faith exchange of information; and 5) not reflective of a pattern or practice of non-compliance.

Your request must be in writing and include:

- A copy of HMSA's final internal appeal decision.
- A completed and signed authorization form releasing your medical or dental records relevant to the subject of the IRO review. For release of medical records, copies of the authorization form are available from HMSA by calling (808) 948-5090 or toll free at (800) 462-2085. Copies of the authorization form to release dental records are available from HMSA by calling (808) 948-6440 or toll free at 1 (800) 792-4672. Copies are also available on HMSA.com.
- A complete and signed conflict of interest form. If you are appealing a medical benefit, the conflict-of-interest form is available from HMSA by calling (808) 948-5090 or toll free at (800) 462-2085 or on HMSA.com. If you are appealing dental benefits the conflict-of-interest form is available from HMSA by calling (808) 948-6440 or toll free at 1 (800) 792-4672. Copies are also available on HMSA.com.
- A check for \$15.00 made out to the Insurance Commissioner. It will be refunded to you if the IRO overturns HMSA's decision. You are not required to pay more than \$60.00 in any calendar year.

You must send the request to the Insurance Commissioner at:

Hawaii Insurance Division
ATTN: Health Insurance Branch – External Appeals
335 Merchant Street, Room 213
Honolulu, HI 96813
Telephone: (808) 586-2804

You will be informed by the Insurance Commissioner within 14 business days if your request is eligible for external review by an IRO.

You may submit additional information to the IRO. It must be received by the IRO within 5 business days of your receipt of notice that your request is eligible. Information received after that date will be considered at the discretion of the IRO.

The IRO will issue a decision within 45 calendar days of the IRO's receipt of your request for review.

The IRO decision is final and binding except to the extent HMSA or you have other remedies available under applicable federal or state law.

Expedited IRO Review

You may request expedited IRO review if:

- The timeframe for completion of an expedited internal appeal would seriously jeopardize the enrollee's life, health, or ability to gain maximum functioning or would subject the enrollee to severe pain that cannot be adequately managed without the care or treatment that is the subject of the adverse determination and you have requested expedited internal appeal at the same time;
- The timeframe for completion of a standard external review would seriously jeopardize the enrollee's ability to gain maximum functioning, or would subject the enrollee to severe pain that cannot be adequately managed without the care or treatment that is the subject of the adverse determination; or
- If the final adverse determination concerns an admission, availability of care, continued stay, or health care service for which the enrollee received emergency services; provided that the enrollee has not been discharged from a facility for health care services related to the emergency services.

Expedited IRO review is not available if the treatment or supply has been provided.

The IRO will issue a decision as expeditiously as your condition requires but in no event more than 72 hours after the IRO's receipt of your request for review.

External Review of Decisions Regarding Experimental or Investigational Services

You may request IRO review of an HMSA determination that the supply or service is experimental or investigational.

Your request may be oral if your treating physician certifies, in writing, that the treatment or supply would be significantly less effective if not promptly started.

Written requests for review must include, and oral requests must be promptly followed up with, the same documents described above for standard IRO review plus a certification from your physician that provides the following:

- Standard health care services or treatments have not been effective in improving your condition;
- Standard health care services or treatments are not medically appropriate for you; or
- There is no available standard health care service or treatment covered by your plan that is more beneficial than the health care service or treatment that is the subject of the adverse action.

Your treating dentist must certify in writing that the service recommended is likely to be more beneficial to you, in the dentist's opinion, than any available standard health care service or treatment, or your licensed, board certified or board eligible physician must certify in writing that scientifically valid studies using accepted protocols demonstrate the service that is the subject of the external review is likely to be more beneficial to you than any available standard health care services or treatment.

The IRO will issue a decision as expeditiously as your condition requires but in no event more than 7 calendar days from the IRO's receipt of your request for review.

Arbitration

If you choose arbitration, you must submit a written request for arbitration to the address shown at the beginning of this chapter. Your request for arbitration will not affect your rights to any other benefits under this plan. You must have fully complied with HMSA's appeals procedures described above and we must receive your request for arbitration within one year of the decision rendered on appeal. In arbitration, one person (the arbitrator) reviews the positions of both parties and makes the final decision to resolve the issue. No other parties may be joined in the arbitration. The arbitration is binding, and the parties waive their right to a court trial and jury.

Before the start of arbitration, both parties (you and we) must agree on the designation of the arbitrator. If we both cannot agree within 30 days of your request for arbitration, either party may ask the First Circuit Court of the State of Hawaii to appoint an arbitrator.

The arbitration hearing shall be in Hawaii. The arbitration shall be conducted in accordance with the Hawaii Uniform Arbitration Act, HRS Chapter 658A, and the rules of Dispute Prevention and Resolution, Inc., to the extent not inconsistent with this Chapter 6: Resolving Disputes and such other arbitration rules as both parties agree upon. The arbitrator may hear and determine motions for summary disposition pursuant to HRS §658A-15(b). The arbitrator shall also hear and determine any challenges to the arbitration Agreement and any disputes regarding whether a controversy is subject to an Agreement to arbitrate. In order to make the arbitration hearing fair, expeditious and cost-effective, discovery by both parties shall be limited to requests for production of documents material to the claims or defenses in the arbitration. Limited depositions for use as evidence at the arbitration hearing may occur as authorized by HRS §658A-17(b).

The arbitrator will make a decision as quickly as possible and will give both parties a copy of this decision. The decision of the arbitrator is final and binding. No further appeal or court action can be taken except as provided under the Hawaii Uniform Arbitration Act. HMSA will pay the arbitrator's fee. You must pay your attorney's or witness' fees, if you have any, and we must pay ours. The arbitrator will decide who will pay all other costs of the arbitration.

HMSA waives any right to assert that you have failed to exhaust administrative remedies because you did not select arbitration.

Chapter 7: Other Party Responsibility

There may be situations when another party is responsible for a portion or the entire cost of your services. This chapter explains those circumstances.

When You have More than One Dental Plan

You may have other dental insurance coverage that provides coverage that is the same or similar to this plan. If you have such coverage, we will coordinate with the other coverage(s) to determine payment under this plan. Other coverage includes group sponsored insurance, non-group sponsored insurance, other group benefit plans, Medicare or other governmental benefits, and the dental benefits coverage in your automobile insurance (whether issued on a fault or no-fault basis).

Should you have more than one dental plan, to ensure accurate and timely coordination of benefits, you must follow the instructions outlined here.

Notice to Us

Inform us of your other dental coverage (also let us know if your other coverage ends or changes). If we need additional information, you will receive a letter from us. If you do not provide us with the information, we need to coordinate your benefits, your claims may be delayed or denied.

Indicate that you have other dental coverage when you fill out a claim form by completing the appropriate boxes on the form. If your dentist is filing the claim on your behalf, make sure your dentist knows to inform us.

Notice to Your Provider

Inform your provider by giving him or her information about the other dental coverage at the time services are rendered.

How Much We Pay

You may have other insurance coverage that provides benefits which are the same or similar to this plan.

When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits. When this plan is secondary, its benefits are determined after those of another plan and may be reduced when the combination of the primary plan's payment and this plan's payment exceed the eligible charge. As the secondary plan, this plan's payment will not exceed the amount this plan would have paid if it had been your only coverage. Additionally, when this plan is secondary, benefits will be paid only for those services or supplies covered under this plan.

If there is an applicable benefit maximum under this plan, the service or supply for which payment is made by either the primary or the secondary plan shall count toward that benefit maximum. For example, this plan covers one set of bitewing x-rays per calendar year, if this plan is secondary and your primary plan covers one set of bitewing x-rays per calendar year, the x-rays for one set of bitewings covered under the primary plan will count toward the yearly benefit maximum and this plan will not provide benefits for a second set of bitewing x-rays within the calendar year.

General Coordination of Benefit Rules

There are certain rules we follow to help us determine which plan pays first when there is other insurance or coverage that provides the same or similar coverage as this plan. A comprehensive listing of our coordination of benefits rules is available upon request. Following are four common coordination rules:

- The coverage without coordination of benefits rules pays first.
- The coverage you have as an employee pays before the coverage you have as a spouse or dependent child.
- The coverage you have as the result of your active employment pays before coverage you hold as a retiree or under which you are not actively employed.
- When none of the general coordination rules apply (including those not described above), the coverage with the earliest continuous effective date pays first.

Dependent Child Coordination of Benefit Rules

The following are coordination rules that apply to Dependent children (note that if none of the following rules apply, the parent's coverage with the earliest continuous Effective Date pays first):

- For a child who is covered by both parents who are not separated or divorced and have joint custody, the coverage of the parent whose birthday occurs first in a Calendar Year pays first.
- For a child who is covered by separated or divorced parents and a court decree provides which parent has health insurance responsibility, the appointed parent's coverage pays first.
- For a child who is covered by separated or divorced parents and a court decree does not stipulate which parent has health insurance responsibility and then the coverage of the parent with custody pays first. The payment order for this Dependent child is as follows:

- | | |
|-------------------------------|---|
| 1. Custodial parent | 3. Other non-custodial parent |
| 2. Spouse of custodial parent | 4. Spouse of other non-custodial parent |

Automobile Accidents

If your injuries or illness are due to a motor vehicle accident or other event for which we believe motor vehicle insurance coverage reasonably appears available under Hawaii Revised Statutes Chapter 431, Article 10C, or any other motor vehicle insurance coverage, then that motor vehicle coverage will pay before this coverage. You are responsible for any cost sharing payments required under such motor vehicle insurance coverage. We do not cover such cost sharing payments. Payment under this coverage for an Injury covered by motor vehicle insurance is subject to the rules set forth below.

You must provide us a list of expenses paid by the motor vehicle insurance. The list must show the date expenses were incurred, the provider of service, and the amount paid by motor vehicle insurance. We cannot process a claim without this information.

Guidelines

Once you submit a list of expenses to Us, we will review the list of expenses to verify that the motor vehicle insurance coverage available under Hawaii Revised Statutes Chapter 431, Article 10C, or any other motor vehicle insurance, is exhausted. Upon our verification of exhaustion, you are eligible for covered services in accord with this guide.

Worker's Compensation or Motor Vehicle Insurance

If you have dental coverage under Worker's Compensation or motor vehicle insurance for illness or injury, please note the following:

- If you have or may have coverage under Worker's Compensation insurance, such coverage will apply instead of the coverage under this guide. Dental expenses arising from illness or injury covered under Worker's Compensation insurance are excluded from coverage under this guide.
- If you are or may be entitled to dental benefits from your automobile coverage, you must exhaust those benefits first, before receiving benefits from us.

Third Party Liability

Third party liability grants us the right to be reimbursed if you are injured or become ill and either of the following is true:

- The illness or injury is caused or alleged to have been caused by someone else and you have or may have a right to recover damages or receive payment in connection with the illness or injury.
- You have or may have a right to recover damages or receive payment without regard to fault.
-

Your cooperation is necessary for us to determine our liability for coverage and to protect our rights to recover our payments. We will provide benefits in connection with the illness or injury in accordance with the terms of this guide if you cooperate with us by following the rules set forth below. If you do not cooperate with Us, your claims may be delayed or denied, and we shall be entitled to reimbursement of payments made on your behalf to the extent that your failure to cooperate has resulted in erroneous payments of benefits or has prejudiced our rights to recover payments.

1. Timely Notice and Proof Requirements

You must give us timely notice in writing if any of the following are true:

- You have any knowledge of any potential claim against any third party or other source of recovery in connection with the illness or injury.
 - There is any written claim or demand (including legal proceeding) against any third party or against other source of recovery in connection with the illness or injury.
 - There is any recovery of damages (including any settlement, judgment, award, insurance proceeds, or other payment) against any third party or other source of recovery in connection with the illness or injury. To give timely notice, your notice must be no later than 30 calendar days after the occurrence of each of the events stated above.
2. You must promptly sign and deliver to Us all liens, assignments, and other documents We deem necessary to secure Our rights to recover payments, and you hereby authorize and direct any person or entity making or receiving any payment on account of such illness or injury to pay to Us so much of such payment as necessary to discharge Your reimbursement obligations described above.
 3. You must promptly provide us any and all information reasonably related to our investigation of our liability for coverage and our determination of our rights to recover payments. We may ask you to complete an Injury/Illness report form and provide us dental records and other relevant information.
 4. You must not release, extinguish, or otherwise impair our rights to recover our payments, without our express written consent.
 5. You must cooperate in protecting our rights under these rules. This includes giving notice of our lien as part of any written claim or demand made against any third party or other source of recovery in connection with the illness or injury.
 6. Notice Required

Any written notice required by these rules must be sent to:

HMSA
Attn: 8 CA/Other Party Liability
P.O. Box 860
Honolulu, Hawaii 96808-0860

Our Rights

If you have complied with the rules set forth in the Third-Party Liability section, we will pay benefits in connection with the illness or injury to the extent that the treatment would otherwise be a covered benefit payable under this guide. However, we shall have a right to be reimbursed for any benefits we provide from any recovery received from or on behalf of any third party or other source of recovery in connection with the illness or injury, including, but not limited to, proceeds from any of the following:

- Settlement, judgment, or award.
- Motor vehicle insurance including liability insurance or your underinsured or uninsured motorist coverage.
- Workplace liability insurance.
- Property and casualty insurance.
- Dental malpractice coverage.
- Other insurance.

We shall have a first lien on such recovery proceeds, up to the amount of total benefits we pay or have paid related to the illness or injury. You must reimburse us for any benefits paid, even if the recovery proceeds obtained (by settlement, judgment, award, insurance proceeds, or other payment) do not specifically include dental expenses or are:

- Stated to be for general damages only;
- For less than the actual loss or alleged loss suffered by you due to the illness or injury;
- Obtained on your behalf by any person or entity, including your estate, legal representative, parent, or attorney;
- Without any admission of liability, fault, or causation by the third party or payer.

Our lien will attach to and follow such recovery proceeds even if you distribute or allow the proceeds to be distributed to another person or entity. Our lien may be filed with the court, any third party or other source of recovery money, or any entity or person receiving payment regarding the illness or injury.

If we are entitled to reimbursement of payments made on your behalf under these rules, and we do not promptly receive full reimbursement pursuant to our request, we shall have a right of set-off from any future payments payable on your behalf under this guide.

To the extent that we are not reimbursed for the total we pay or have paid related to your illness or injury, we have a right of subrogation (substituting us to your rights of recovery) for all causes of action and all rights of recovery you have against any third party or other source of recovery in connection with the illness or injury.

Our rights of reimbursement, lien, and subrogation described above, are in addition to all other rights of equitable subrogation, constructive trust, equitable lien and/or statutory lien we may have for reimbursement of these payments, all of which rights are preserved and may be pursued at our option against you or any other appropriate person or entity.

For any payment made by us under these rules, you are still responsible for your copayments, deductibles, timeliness in submission of claims, and other obligations under this guide. Nothing in this Third-Party Liability section shall limit our ability to coordinate benefits as described elsewhere in this chapter.

Eligible Charge - The amount we use to determine our payment and the amount you owe for a service that is covered. We determine eligible charge based on the following:

- The lower of the amount billed by the Dentist on a submitted claim; or
- The discounted charge negotiated by Us; or
- An amount we establish as the Maximum Allowable Charge. Maximum Allowable Charges are listed in Our Schedule of Maximum Allowable Charges. We reserve the right to annually adjust the charges listed in the Schedule of Maximum Allowable Charges. In adjusting charges, we consider all of the following:
 - Increases in the cost of dental and non-dental services in Hawaii over the previous year.
 - The relative difficulty of the service compared to similar services.
 - Changes in technology which may have affected the difficulty of the service.
 - Payment for the service under federal, state, and other private insurance programs.
 - The impact of changes in the charge on our health Plan rates.

The eligible charge for Covered Services rendered outside Hawaii is based on the eligible charge for the same or comparable services rendered in Hawaii.

***Please note:** The eligible charge for non-participating providers is based on a Maximum Allowable Charge which is lower than the Maximum Allowable Charge for participating providers. Eligible charge does not include excise or other tax. You are responsible for all taxes related to the care you receive. If your provider accepts monthly payments to manage your care, you may owe tax on your copayment.

The law includes numerous health related provisions for insurance carriers to increase the quality and control healthcare costs for individuals.

Payment Determination Criteria - Criteria we apply to all services. Only those Covered Services that meet Payment Determination Criteria are eligible for payment under this Plan. To meet Payment Determination Criteria, a service must meet all of the following criteria:

- A. For the purpose of treating a dental condition.
- B. The most appropriate delivery or level of service considering potential benefits and harms to the patient.
- C. Known to be effective in improving dental health outcomes; provided that:
 - 1. Effectiveness is determined first by scientific evidence;
 - 2. If no scientific evidence exists, then by professional standards of care.
 - 3. If no professional standards of care exists or if they exist but are outdated or contradictory, then by expert opinion.
- D. Cost-effective for the dental condition being treated compared to alternative dental interventions, including no intervention. For purposes of this paragraph, cost-effective shall not necessarily mean the lowest price.

Services that are not known to be effective in improving dental health outcomes include, but are not limited to, services that are experimental or investigational.

Definitions of terms and additional information regarding enrollment form of this Payment Determination Criteria are contained in the Patient's Bill of Rights and Responsibilities, Hawaii Revised Statutes § 432E-1.4. The current language of this statutory provision will be provided upon request. Request should be submitted to HMSA's Customer Service Department.

The fact that a dentist or other provider may prescribe, order, recommend, or approve a service or supply does not in itself mean that the service or supply meets Payment Determination Criteria, even if it is listed as a Covered Service.

Participating providers may not bill or collect charges for services or supplies that do not meet HMSA's P Determination Criteria unless a written acknowledgement of financial responsibility, specific to the service, is obtained from you or your legal representative prior to the time services are rendered.

Participating providers may, however, bill you for services or supplies which are excluded from coverage without obtaining a written acknowledgement of financial responsibility from you or your representative. More than one procedure, service, or supply may be appropriate for the diagnosis and treatment of your condition. In that case, we reserve the right to approve only the least costly treatment, service, or supply.

You may ask your dentist to contact us to determine whether the services you need meets our payment determination criteria or are excluded from coverage before you receive the care.

Plan - The specific dental coverage described in this guide, and which is offered to you and which you pay premium toward.

Prior Authorization – Dental services including but not limited to crowns and orthodontia services for pediatric members are only covered if prior authorized by HMSA. Typically, the dental provider will obtain this prior authorization, but it is your responsibility to ensure the prior authorization is obtained before the services are rendered. Services that are not preauthorized when required are not payable by HMSA.

Teledentistry - The use of electronic information, imaging, and communication technologies, such as interactive audio, and video to provide dental care delivery, diagnosis, consultation, treatment, transfer of dental information and education.

Us, We, Our - Terms that refer to Hawai'i Medical Service Association (HMSA), an independent licensee of the Blue Cross and Blue Shield Association.
