Section 1 Introduction

This directory provides a list of HMSA Akamai Advantage network providers and pharmacies. To get detailed information about your health care coverage, please see your *Evidence of Coverage*. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and the HMSA Akamai Advantage's formulary.

Network Providers

As of 10/13/2026, our network includes 3915 practitioners, 97 facilities, and 110 pharmacy locations. You must choose one of our network providers listed in this directory to be your primary care provider (PCP). The term "PCP" will be used throughout this directory.

Generally, you must get your health care services from your PCP. Your PCP is a health care professional who meets state requirements and is trained to give you basic medical care. Your PCP will also coordinate the rest of the covered services you get as an HMSA Akamai Advantage member. For example, to see a specialist, you may need to get your PCP's approval first. This is called getting a referral to a specialist. If an HMSA Akamai Advantage network provider is not available, your PCP may refer you to an out-of-network provider.

PCPs are listed in Section 3 of this directory and at our website, hmsa.com. You should contact our Customer Relations department for help in choosing or changing your PCP. Their telephone numbers are listed on the front cover of this booklet.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory, however some services may require a referral. For information on how to request a referral, see your *Evidence of Coverage*.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor HMSA Akamai Advantage will be responsible for the costs.

Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- Immediately for urgently needed services or an emergency;
- Within 7 business days for services that are not an emergency or urgently needed, but you require medical attention; or
- Within 30 business days for routine and preventive care.

Network Pharmacies

This booklet provides a list of HMSA Akamai Advantage's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and HMSA Akamai Advantage's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under HMSA Akamai Advantage only if they are filled at a network pharmacy or through our mail-order pharmacy service.

Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your *Evidence of Coverage*.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network

or there may be newer pharmacies in our network that are not listed. This list is current as of 10/13/2026. For the most current list, please contact us. Our contact information appears on the front and back covers.

You can get prescription drugs shipped to your home through our network mail-order delivery service. For more information, please contact us or see the mail-order section of this directory.

This directory lists pharmacies in Hawaii, which includes the area in which you live. However, there are more pharmacies outside of Hawaii where your prescriptions may be covered by our plan. For more information or more pharmacies in our plan network not listed in this directory, call Customer Care at 1 (855) 479-3659. TTY users, call 711.

If you have questions about any of the above, including instructions on how to submit claims for prescriptions that you had to fill at a non-network pharmacy, please see the front and back covers of this directory for information on how to contact us.

Out-of-area and Emergency Coverage

If you're outside of the plan's service area but still in the United States, HMSA Akamai Advantage will cover urgently needed care from any Medicare participating provider. For medical emergencies, you don't need approval or referral from your PCP. Call 911 for help or go to the nearest emergency room, hospital, or urgent care center.

After the emergency is over, contact your PCP as soon as possible. You are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided out of network, your PCP will try to arrange for network providers to take over your care as soon as your medical condition and circumstances allow.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor HMSA Akamai Advantage will be responsible for the costs. Out-of-network/non-contracted providers are under no obligation to treat HMSA Akamai Advantage members except in emergency situations.

For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Relations number listed on the back cover or see your *Evidence of Coverage* for more information.

Note:

- If there is no board certification listed, that information may not be available or the provider may not be board certified.
- If there is no hospital affiliation listed, that information may not be available or may not be applicable.
- All participating providers speak English. Refer to the specific provider for any other languages spoken.
- Languages spoken by office staff may vary depending on the staff available at each location. The provider may not speak all languages listed.
- If a termination date appears under a provider's location, that location is either closing or leaving the HMSA network as of the indicated date. Please call the provider's office or HMSA if you have additional questions.
- A wheelchair symbol (♿) indicates that the location is handicap accessible.
- The letters TH indicate telehealth capabilities.

If you have questions about HMSA Akamai Advantage or require assistance in selecting a PCP, please call our Customer Relations department at 1 (800) 660-4672. TTY users, call 711. Or visit hmsa.com/advantage.

Section 6 Network Pharmacies

This section of the directory has the following pharmacy categories:

- Mail-order Pharmacy
- Additional Pharmacies (listed by category)
  - Home I.V. Therapy Pharmacy
  - Long-term Care Pharmacy
  - Retail Pharmacy
  - Specialty Pharmacy

This directory lists network pharmacies in Hawaii. HMSA Akamai Advantage has a national pharmacy network. To find a network pharmacy outside of Hawaii, call Customer Care at 1 (855) 479-3659. TTY users, call 711.

Home infusion, long-term care, specialty, and the mail-order pharmacies service all islands, even though they may not be physically located on each island. All retail pharmacies provide an extended day supply of some medications.

Residents of a long-term care facility may access their prescription drugs covered under HMSA Akamai Advantage through the facility's long-term care pharmacy or another network long-term pharmacy.

MAIL-ORDER PHARMACY

CVS Caremark
P.O. Box 30980
Honolulu, HI 96820-9930

1 (855) 479-3659
TTY: 711
Call 24 hours a day, seven days a week

You can get prescription drugs shipped to your home through our network mail-order delivery service. For new prescriptions and refills of your mail order prescriptions, you have the option to sign up for an automatic refill service called ReadyFill at Mail. Under this service, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. The pharmacy will automatically fill and deliver new prescriptions it receives from health care providers, without checking with you first, if either:

- You used mail-order services with this plan in the past, or
- You sign up for automatic delivery of all new prescriptions received directly from health care providers. You may request automatic delivery of specific drugs at any time by logging in to your Caremark.com account or by calling Customer Care at 1 (855) 479-3659. TTY users, call 711.

We will contact you before shipping each refill to make sure you need more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you receive a prescription automatically by mail that you do not want, and you were not contacted to see if you wanted it before it shipped, you may be eligible for a refund.

If you choose not to use the auto refill service, please contact us 25 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, call us at 1 (855) 479-3659. This number is available 24 hours a day, seven days a week. TTY users should call 711.

Typically, you should expect to receive your prescription drugs in no more than 10 days from the time that the mail-order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please call 1 (855) 479-3659, 24 hours a day, seven days a week; TTY users, call 711. You can also choose to sign up for our optional automatic delivery program by calling these numbers.

CVS Caremark® is an independent company providing pharmacy benefit management services on behalf of HMSA.
