KEEPING YOUR HEALTH IN FOCUS

Diabetic Eye Care Benefit

YOUR HEALTH. THROUGH YOUR EYES.

Everyone should get an eye exam every year. But if you have diabetes, you may need more eye care attention. You got it. Ask about your plan's Diabetic Eye Care Benefit. It's how we help you keep an eye on your condition.

WHERE DIABETES AND VISION MEET

- Diabetes is the #1 cause of blindness¹
- Diabetes increases your risk of glaucoma and cataracts¹
- Even small changes in your condition can be spotted during an eye exam

EXTRA CARE FOR EXTRA PRECAUTIONS:

Office visit once every 6 months

Access to necessary diagnostic tests

Learn about the link between diabetes and vision. Visit www.hmsa.com/EUTFvision today.

¹American Optometric Association.
